November 2002 - David Senjem, Councilmember for 6th ward, ran for and was elected to the Office of State Senator for District 29. There will have to be an appointee to Dave Senjem's office ( His resignation is effective January 7, 2003, or when the Council's appointment to temporarily fill the vacancy becomes effective, whichever occurs first. )

So they'll have to appoint someone to hold office till the election is held (march is the earliest they could hold the election, and if there were more than two candidates, there would be a primary in march and general election in April) - Appointee named January 6 - David Benda - April 22 general election - Sandra Means elected; took office on May 5, 2003.
