

FOG Program Cleaning and Maintenance Log Sheet

Per the City of Rochester's FOG Ordinance, this information must be recorded for every maintenance and cleaning activity on the grease interceptor that is completed by the facility. This log must be available for inspection by City staff at any time. Cleaning logs must be kept on site for a period of 3 years.

Facility Name: _____ Phone Number: _____

Address: _____ Minimum Cleaning Frequency: _____

Location of Grease Interceptor: _____

Date	Name of Company - OR - Name of Person Cleaning Interceptor	Certified Hauler # (if applicable)	Depth Measurements				Maintenance Comments	Destination of Waste Hauled/Removed	Verification by Owner or Manager (initials)
			Total Liquid Depth	FOG	Solids	% full			

Use the following formula to calculate % full: $\frac{(\text{Inches of FOG}) + (\text{Inches of solids})}{\text{Total Liquid Depth (inches)}} \times 100 = \% \text{ Full}$
